Avoid advertising

Premium License avoids ads in the following instances:

- **The PREMIUM user completely avoids ads** (activities and Educaplay platform).
- **Users joining a group -created by a PREMIUM user- avoid ads too** (provided they play the collections assigned to these groups).
- PREMIUM user can use a blog. Once the blog have been validated by Educaplay's Team, the linked activities **avoid ads too**.

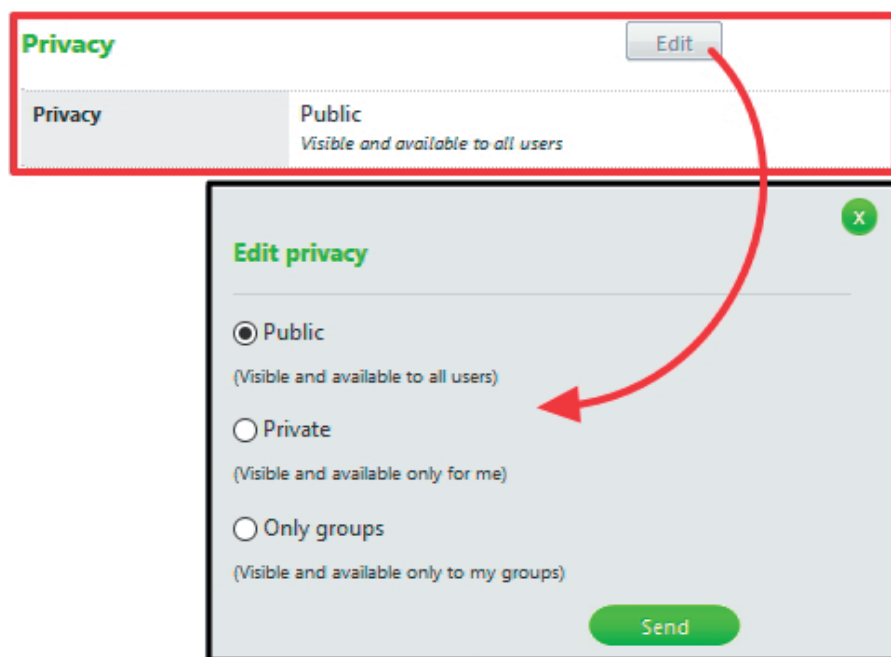

Activities privacy

When editing activities, PREMIUM user will have available the **option of privacy**.

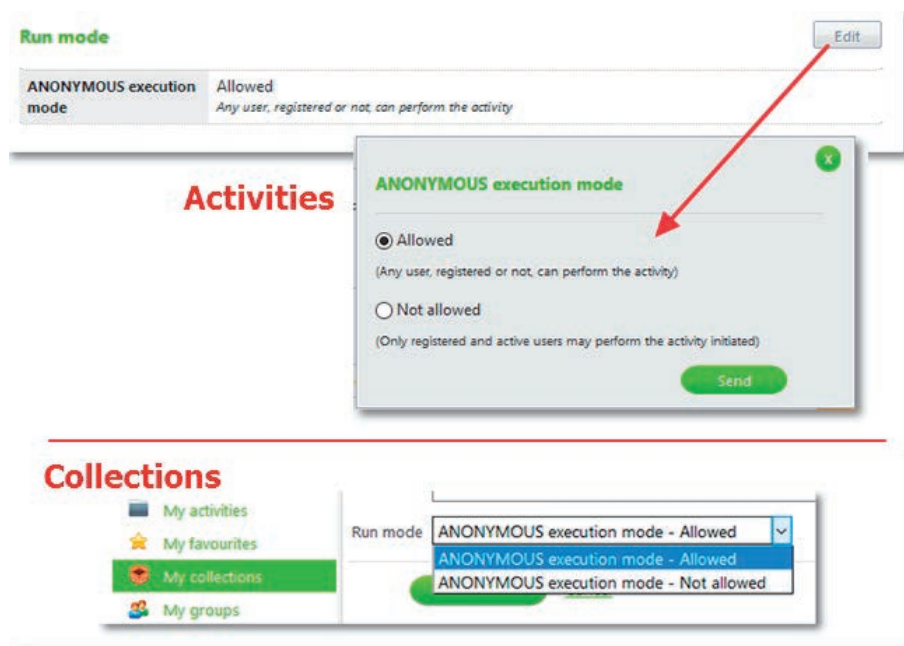

Using this option, user will be able to mark the activity as:

- **private** (visible only for him)
- **public** (visible to all)
- **groups only** (visible for users of PREMIUM user's groups -within the collections assigned to them-)

Option to block the execution in anonymous mode of activities and collections

This option forces the activity or collection **to not be executed by a user who is not logged in Educaplay**.

No limits on incomplete activities

PREMIUM users can have **so many activities as they want -in creation phase-**. (Standard users have a limit of six activities).

Educaplay Certificate Course

PREMIUM user can do the **free Educaplay Course**, obtaining a **certificate** when finishing.

When license is over, activities remain as they are at this point, but access to PREMIUM users setup is not available.
